

PROFILE

SECNAC, a quick-growing manufacturer of sanitary ware products, is specialized in innovation, design and manufacturing of premium-quality bidets as a hygienic and comfortable alternative to toilet paper.

SECNAC always focus on meeting customers' needs and increasing their market challenges capacities, by providing excellent solutions and services in order to consistently create maximum value for customers.

Continuous improvement is required for SECNAC to become better partners for its customers; Kaizen is SECNAC's manufacturing philosophy.

Integrity is SECNAC's most valuable asset. It drives SECNAC to behave honestly and keep its promises, thus win customers' trust and respect.

ONE-STOP SERVICE FOR CLIENTS

SECNAC has the full ability from R&D, mould making ,injection molding and secondary processing to product assembly and quality checking . SECNAC can provide the one-stop service for its clients. SECNAC creates much more valuable business for its global business partners with **3M** business model:

OEM

SECNAC's complete manufacture includes tooling, injection molding, secondary processing, product assembly and quality control.

ODM

Design + Complete Manufacture. Our design includes: Concept, ID, structure design and product design.

IDM

Innovation + Design +Complete Manufacture. Our innovation includes: Idea, Key technology and Patent. With a professional R&D team, we pursue each valuable proposal for customer.

AN EFFICIENT QUALITY ASSURANCE SYSTEM

SECNAC has built an efficient quality assurance system. The complete checking and inspection instruments ,advanced quality information gathering, evaluation and feedback means as well as excellent quality management team, which ensure the whole procedure from design, parts manufacture, product assembly to services under strict control and supervision. The ISO9001:2008 QC is our certified system. Quality Control (QC) and monitoring procedures are built into every aspect of our work. Its staff recognize that quality is the root of SECNAC. Having employees with extensive experience and professional training, along with its excellent quality control system, SECNAC guarantees that all its products and services can meet customers' requirements from design to SECNAC believes prosperous business future comes from win-win partnership and creative cooperation. It strives to meet the request of its customers in terms of technology, product and proposal, and also meet the requirements of local market; SECNAC can provide the quick response to its customer's requests, from project starting to final mass production.

3 BIGGEST THINGS IN YOUR HEALTHY

As old saying, three biggest things: Eat, Sleep and Regular bowel movements. To be healthy, you need to eat well, sleep well and have regular bowel movements. Directly linked to our survival, defecation is considered to be just as important as sleeping and eating.

These are three simple, yet very important activities that define much

Well Eating
Sleeping
Defecation

HOW MUCH OF YOUR LIFE IS SPENT USING TOILETS?

Man: ~27,000 times, ~7000 hours

Women: ~200,000 times, ~12,000 hours
